

WHO ARE WE

Superior Essex Inc. is one of the largest wire and cable manufacturers in North America and a global leader in the market segments of communications cable and magnet wire / winding wire. Superior Essex quality communications cables carry the voice, data, and video traffic for the world's communications service providers, thousands of private networks, as well as at numerous government network installations around the world. Headquartered in Atlanta, Georgia, Superior Essex Inc. employs about 4000 people and manages a business portfolio that generates approximately \$2 billion in revenues annually.

OUR COMMUNICATIONS PRODUCTS CAPABILITIES

Superior Essex Communications LP is a large U.S based manufacturer of an extensive product portfolio that includes a broad offering of copper and fiber optic cables for aerial, buried, induct, and premises environments. Our product performance levels range from voice-grade to the fastest broadband speeds commercially possible.

From our four ISO 9001 certified production facilities in the United States, Superior Essex supplies quality communications wire and cable products to telephone companies, CATV companies, Original Equipment Manufacturers and system integrators.

Superior Essex Communications LP offers a comprehensive Government Program that includes network design, proposal response, education/training, an experienced network of certified government installers, independent Underwriters Laboratory verification of products, and extended product warranties for government facility installations.

HOW TO OBTAIN OUR PRODUCTS

The Superior Essex comprehensive family of products is brought to market through a vast global network of distributor partners, many of whom include our products on GSA contracts, DISA Contract Vehicles, Government Wide Acquisition Contracts and Blanket Purchase Agreements. Our distribution channels include recognized large firms and as well as 8(a), HUBZone, Women-Owned, and Service Disabled Veteran small business companies.
